

Friday 13 October 2017

Dear Parents & Carers,

As per my letter earlier this week, we have now appointed three parents to our Governing Body. One of these parents has been appointed as Trust Governor Designate. All three governors will be attending governor induction training next week in preparation for the role. Congratulations to:

**Trust Governor (Designate)**

Mr Silvestre Mukeba

**Parent Governor**

Mr Shahid Shah

**Parent Governor**

Ms Michelle Gamage

The new governors will be joining us for our first meeting of the year which takes place next week. Thank you all for taking part in the process and supporting either your own nomination or the nomination of others.

A reminder to all parents/carers that the school bus will leave the bus stop every morning at 8.55am with no exceptions. Children are expected to have their seatbelts on and be ready to leave by this time in order to ensure the bus arrives back at the school on time. For lateness, or anything else, please contact the school on 01708 932710. If all lines are busy and you have to leave a message, someone will always call you back as soon as possible. Your cooperation in this matter is appreciated.

Kind regards,

Mr Raheel Akhtar  
Headteacher

## STAR OF THE WEEK

Our Star of the Week in Bluebell Class is Eesa. Eesa has been working really hard on his behaviour and has been a model student this week. From Star Sitting on the carpet to kind hands during activity time, we have been very impressed by Eesa. Well done, keep it up!

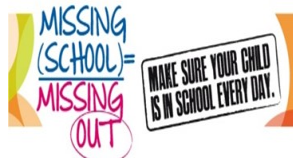

The Star of the Week in Sunflower Class is Joshua! Joshua has been working super hard on his number bonds for 7 and challenging himself by completing missing numbers. For example,  $7 = 2 + \square$   
He has also been making a great effort in guided reading by thinking carefully about the story so he can answer questions about what he has read.

Well done Eesa and Joshua!

## ATTENDANCE

Attendance for Bluebell Class this week was 95.8%. Attendance for Sunflower Class this week was 96.8%. Well done Sunflower for being the top class for two weeks in a row!

Please remember we do not authorise holiday absences during term time.

## TECHNOLOGY APPEAL

Next half term, our topic in Reception is Space and we would like to set up a space station role play area in the Reception classroom.

If anyone has any old computer screens/ keyboards or phones that do not work and are not needed, we would greatly appreciate any donations. Thank you in advance.

**ALL CHILDREN IN SCHOOL UNIFORM EVERY DAY PLEASE!**
