Re: Parent Corner

Dear Parent or Carer

We consider our parents a valuable resource and we are always looking at new ways to get you involved in school life. To this end, we would like to launch a new initiative called Parent Corner.

This will involve you coming in to school to give a short talk to our children on an area of your life that the children would find inspiring, interesting or educational. For example, you may give a talk on your job and the qualifications you needed to do it, as well as the journey you went on to get to where you are today. Alternatively, you may wish to share with the children your passion for being creative, and some of the wonderful things you have created and been a part of. Another idea could be to share a favourite author with the children and discuss some of the books that you have enjoyed.

These are just some ideas, but you may well have others. **As a next step, please complete the sheet below with a just a few sentences about your area of interest and return to a member of staff.** You could give a talk on:

- your job and/or work history
- a hobby
- an amazing place you have visited
- charity work which you are involved in and your passion for it
- an interesting experience in your life, such as migrating from one country to another and the challenges you faced
- your interest in the creative arts, such as drama, painting or design
- a favourite book or author

You may choose one of the above or something entirely different. Once we have sufficient responses from parents we will be in touch to discuss next steps.

This will be of great benefit to our children and we hope that many of you will engage with us so we can successfully launch Parent Corner.

Your name: _____

Your child's name: _____

Yours sincerely
