Make and Do Project

As our topic next half term is Pirates Ahoy, we are challenging you to make a pirate ship with your child.

All models should be returned within the first week back to school as a prize will be awarded for the best effort.

Here are some pictures that you might like to use for inspiration.

TAPESTRY OBSERVATION FOCUS

The children have told us about lots of the exciting plans that you have for the half term holidays.

We'd love for you to make observations of some of the things that you get up to, particularly anything involving reading, writing and maths.
