Dear Parents/Carers,

It is important that during school closure your child continues to engage with their learning. As such, your child's teachers will be sharing daily videos and links to activities, accessed on the Tapestry Website, for your children to work through while the school is closed. You will be able to add daily observations of your child completing learning activities for their class teacher.

Please log on to Tapestry **daily** to access the resources from your child's class teacher and support your child to work through the activities that have been set for them.

Government guidelines state children should be accessing 3 hours of remote learning every day whilst at home. However, we are aware that many parents and carers will have more than one child to support and may also be working from home during this time. For this reason, we are aiming to set work that will keep the children learning without being unmanageable for parents.

You will need to upload a **daily** Tapestry observation of your child completing their activities. In addition to this, it is vital that you continue to read to, and with your child daily. Failure to do so could be extremely detrimental to your child's education.

Phone calls will be made to parents whose children are not submitting their Tapestry observation daily.

If you have any questions regarding the home learning videos, feel free to contact me via the school office and I will have your child's class teacher get in touch.

Yours sincerely,

Mrs S Lloyd
Assistant Headteacher
