

**Friday 10 November 2023**

This Christmas they are appealing for gifts which can be distributed to vulnerable children, who may not receive anything this year without their help. If you are able to donate a gift, please bring it into the school, and we will ensure that your donations are received by The Baby Bank, who will allocate each gift to a child in need. ALL CHILDREN IN SCHOOL UNIFORM EVERY DAY PLEASE!

## CURRICULUM CORNER- RECEPTION

In Reception this half term, we are learning about Space! This week, we were reading the story 'Aliens love Underpants.' Children acted out the story with puppets and talked about their favourite alien from the book. We looked at different adjectives that could be used to describe the aliens and their underpants, and we used our phonic sounds to write these adjectives down. Children especially enjoyed making a spaceship for the aliens in the construction area. Additionally, reception made their own necklaces with a repeating pattern for Diwali. We have also been making poppies using tissue paper and pipe cleaners for Remembrance Day.

## ANTI-BULLYING WEEK

We will be taking part in Anti-Bullying Week activities from Monday 13th November. The week will begin by celebrating odd sock day with non-uniform. We wear our odd socks to celebrate the unique and diverse characteristics in our community. Don't forget to wear your odd socks and make them visible so everyone can see how fun it is to celebrate being different!

Throughout the week children will have an opportunity to learn about different types of bullying. This year's theme is 'Make a Noise about Bullying'. This has two meanings – you can make a noise and ask for support people if you think they are being bullied by standing up for them or asking someone else to help. It also means, you can make some noise about bullying drawing attention to the issue before it becomes a problem.

Remember we can all make a noise about bullying and help change someone's life.
