

Friday 15 December 2023

We have had lots of fun-filled events this week, including performances from our children in iRock bands. See page 4 for more details!

Have a great weekend.

Kind Regards

Mr Akhtar
Headteacher

Tulip Zak
Lily Gabriel
Poppy Bella

Year 3

Carnation Nala
Freesia Johnny
Blossom Zareen

Year 4

Orchid Caiya
Dahlia Sami

Year 5

Magnolia Milad

Year 6

Iris Lia

ALL CHILDREN IN SCHOOL UNIFORM EVERY DAY PLEASE!

CURRICULUM CORNER— YEAR 5

In Year 5, we have been learning about electrical systems in our Design and Technology lessons. We examined an existing product (made for us by some Year 6 volunteers) and explored how to change the form and function. Next we will be planning how to make our own Doodler drawing robots.

COMMUNITY UPDATE—THE KIDS BANK

Just a reminder that we are supporting the Baby Bank and the Kids Bank this year with their Christmas appeal. They work hard to ensure that any children from local families who face waking to no presents this Christmas, WILL receive a gift on Christmas morning.

With the support of the local community, every year they have managed to meet the number of gifts required. However, with the cost of living crisis they are worried this year they might not be able to meet their target, so any help is very much appreciated.

There has been a huge response to their Christmas Appeal so far, however they still have over 200 children in need of a gift Christmas morning.

Their appeal is running until 4th December so there is still time to get involved.

You can find out more information on their website:

www.thekidsbankhq.org/christmasappeal

Please do drop any gifts that you wish to donate to the school office for the attention of Ms Pettigrew or Ms Mills.

As always, your support is much appreciated!

I ROCK CONCERTS

This week, children on the iRock programme performed in their end of term concert. The talent on show was very impressive and it was evident how hard all of our musicians have been working this term! Well done iRockers, you put on a great show and totally rocked!

BIKEABILITY

This week, some of our Year 5 and Year 6 students have been taking part in Bikeability, completing their Level 1 and Level 2 Bike Safety Courses!

Our students have had access to expert cycling instructors who have been teaching them a range of cycling skills like signaling, bike control, balance, staying calm under pressure and understanding the road so that they can remain safe and develop their confidence on the road when they are out on their bikes. Our star riders made fantastic progress, developing their skills moving from amateur or even completely inexperienced riders to confident and more experienced bike riders who can deal with the challenges of cycling in a safe manner and following the laws of the road.

Congratulations to our Star Riders on their success and for inspiring their peers to take part in future courses!

COMMUNITY UPDATE—COST OF LIVING SUPPORT
