Skills	<p>The children can... Compare and contrast characters from stories, including figures from the past. Recognise and continue developing positive attitudes about the differences between people.</p> <p>Draw information from, follow and draw simple maps (my walk to school and the school site).</p> <p>Explore the natural world around them. Describe what they see, hear and feel whilst outside.</p> <p>Draw on previous knowledge to identify environments that are different to the one in which they live.</p> <p>Recall and describe the effect of changing seasons on the natural world around them.</p> <p>To describe a simple journey and the things they see on the way, to use/follow a simple map.</p> <p>Identify and talk about features in the locality such as the castle (include some work on knights and princesses).</p> <p>Children use their knowledge of careers to talk about those they are interested in.</p> <p>Talk about their different senses and identify which ones are being used for different purposes.</p>	<p>The children can... Compare and contrast characters from stories, including figures from the past.</p> <p>Identify some similarities and differences between things in the past and now, drawing on their experiences and what has been read in class.</p> <p>Develop positive attitudes towards differences between people.</p> <p>Draw information from, follow and draw simple maps (map the walk and what they see on the way).</p> <p>Describe what they see, hear and feel whilst outside.</p> <p>Listen carefully and express feelings and responses to music.</p> <p>Recognise why some places are special to members of their community.</p> <p>Recognise that people have different beliefs and celebrate special times in different ways.</p> <p>Recall and describe the effect of changing seasons on the natural world around them.</p> <p>Begin to observe, explore and describe changing states of matter (water freezing overnight)</p>	<p>The children can... Talk about the lives of the people around them and their roles in society.</p> <p>Observe and interact with natural processes, such as ice melting, a sound causing a vibration, light travelling through transparent material, an object casting a shadow, a magnet attracting an object and a boat floating on water.</p> <p>Describe what they see, hear and feel whilst outside.</p> <p>Name a range of different materials.</p> <p>Recall and describe the effect of changing seasons on the natural world around them.</p> <p>Begin to observe, explore and describe changing states of matter (water freezing overnight)</p>	<p>The children can... Observe and interact with natural processes, such as ice melting, a sound causing a vibration, light travelling through transparent material, an object casting a shadow, a magnet attracting an object and a boat floating on water.</p> <p>Identify the difference between land and sea and that leaving the UK may require other modes of transport due to it being an island.</p> <p>Identify different map types. Draw information, follow and draw simple maps. (Road map)</p> <p>Identify food that does not grow in this country and explain how other foods reach us. (Journey of food from growing to supermarkets to dinner table).</p> <p>Recognise the past through different settings, characters and events encountered in books read in class and storytelling (vehicles).</p> <p>Recognise some similarities and differences between life in this country and life in other countries.</p> <p>Recognise some environments that are different to the one in which they live.</p> <p>Recall and describe the effect of changing seasons on the natural world around them.</p>	<p>The children can... Explore the natural world around them.</p> <p>Discuss how we care for the natural world around us.</p> <p>Observe and interact with natural processes, such as ice melting, a sound causing a vibration, light travelling through transparent material, an object casting a shadow, a magnet attracting an object and a boat floating on water.</p> <p>Describe what they see, hear and feel whilst outside.</p> <p>Name some foods which grow below the ground and some above the ground.</p> <p>Identify food that does not grow in this country e.g some food needs hot weather (alternative climate) whereas others need lots of rain.</p> <p>Name parts of a plant (see vocab list)</p> <p>Recognise some environments that are different to the one in which they live.</p> <p>Recall and describe the effect of changing seasons on the natural world around them.</p> <p>Observe and describe the changes that they see. (Linked to us changing overtime)</p> <p>Compare and describe the same food when cooked in different ways (Potatoes).</p>	<p>The children can... Comment on images of familiar situations in the past. (Beach)</p> <p>Draw information, follow and draw simple maps. (Treasure and UK- sea/land and school site – year 1)</p> <p>Explore the natural world around them. Discuss how we care for the natural world around us. Observe and interact with natural processes, such as ice melting, a sound causing a vibration, light travelling through transparent material, an object casting a shadow, a magnet attracting an object and a boat floating on water.</p> <p>Name different species/creatures that live under the sea.</p> <p>Identify the different ocean zones and talk about what could live there.</p> <p>Recall and demonstrate water and sun safety.</p> <p>Recognise some environments that are different to the one in which they live.</p> <p>Recall and describe the effect of changing seasons on the natural world around them.</p> <p>Recognise the past through different settings, characters and events encountered in books read in class and storytelling (beach).</p>

Reception Overview and Progression

	Children demonstrate understand of portraits and use observation to add detail.			Reason and justify choices for transport to different locations.	Through observation, begin to observe, explore and describe changing States of matter (adding water to mud)	Identify some similarities and differences between things in the past and now, drawing on their experiences and what has been read in class. (Pirates) Begin to observe, explore and describe changing States of matter (ice/ice cream to liquid)
Skills (Same skill different context)	<p>The children can... Prime Manage their own personal hygiene, know when they do and don't need help, talk about feelings, use talk to solve conflict, moderate their own feelings and behaviours and show resilience and perseverance in the face of challenge. Build constructive and respectful relationships, think and take into account the perspectives of others. Listen and engage with a range of fiction and non-fiction books, re-read texts and learn new vocabulary, learn how to listen, ask questions to clarify and find out more, articulate their ideas and thoughts in full sentences, connect ideas and actions when speaking through the use of conjunctions, describe events in detail, develop social phrases, use talk to solve problems and express ideas and use new vocabulary in different contexts. Negotiate space and move with fluency and grace, develop balance, coordination, strength and agility to access sports in the future, demonstrate good core muscle strength to sit at a table with correct posture, demonstrate healthy living and wellbeing through food, sleep, screen time, toothbrushing and personal safety. Demonstrate a preference over dominant hand, show control with one handed tools, demonstrate a secure pencil grip (tripod), handle a range of tools effectively including knives and forks and demonstrate control and accuracy when drawing and writing.</p> <p>Specific Literacy Re-read these books to build up their confidence in word reading, their fluency and their understanding and enjoyment. Uses vocabulary and forms of speech that are increasingly influenced by their range of books. Read individual letters by saying the sounds for them. Read simple phrases and sentences made up of words with known letter-sound correspondences and, where necessary, a few exception words. Form lower-case and capital letters correctly Read some letter groups that each represent one sound and say sounds for them. Read a few common exception words matched to the school's phonic programme. Read simple phrases and sentences made up of words with known letter-sound correspondences and, where necessary, a few exception words. Re-read these books to build up their confidence in word reading, their fluency and their understanding and enjoyment. Uses vocabulary and forms of speech that are increasingly influenced by their range of books. Spell words by identifying the sounds and then writing the sound with letter/s. Write short sentences with words with known sound-letter correspondences using a capital letter and full stop. Re-read what they have written to check that it makes sense.</p> <p>Maths Subitise to 5, link number with value, number bonds and doubles to 10 reducing aids across the year. Count accurately, reciting, and 1:1 correspondence. Count verbally beyond 10, compare numbers using mathematical language, 1 more/less and relationship between consecutive numbers, repeating patterns, compose and decompose shapes, use language of measure to compare, odds and evens, doubles and sharing between 2-3 people.</p> <p>Understanding the World Make observations of weather each day and observe the changes in trees.</p> <p>Being Imaginative Explore, use and refine a variety of artistic effects to express their ideas and feelings. Return to and build on their previous learning, refining ideas and developing their ability to represent them. Create collaboratively sharing ideas, resources and skills. Develop a storyline to their pretend play. Safely use and explore a variety of materials, tools and techniques, experimenting with colour, design, texture, form and function; hare their creations, explaining the process they have used. Make use of props and materials when role playing characters in narratives and stories.</p>					
Knowledge	<p>The children can... Begin to make sense of their own life-story and family's history.</p> <p>Know some similarities and differences between things in the past and now, drawing on their experiences and what has been read in class.</p> <p>Understand and be able to talk about themselves including their names, likes and dislikes (Including food).</p> <p>Know and be able to talk about their daily routines and relate to the different times of the day.</p> <p>Understand everyday language of time to describe the sequence of a day.</p> <p>Know and can talk about members of their family and family tree/history – who lives in your house?</p> <p>Know and name special people to them.</p> <p>Understand and demonstrate the importance of keeping healthy, making sensible food and exercise choices.</p>	<p>The children can... Know their own and others family traditions.</p> <p>Know different celebrations, both those they personally celebrate ad others that members of the class might celebrate.</p> <p>Know and name members of their immediate family and community and discuss their role.</p> <p>Know what foods they like and don't like and explore unknown foods. (Food from around the word – related to celebrations)</p> <p>Know differences and similarities between different celebrations.</p> <p>Know and retell religious stories related to those represented in the class.</p> <p>Understand and explain how their name is chosen for them and describe how names can be celebrated.</p> <p>Know and talk about any family history or people in the past that have the same name.</p> <p>Understand the need for awareness and acceptance of difference and in what they celebrate and the way they celebrate.</p>	<p>The children can... Understand different jobs held within their family and community.</p> <p>Understand and talk about what makes them special and the things they are good at and what they are still getting better at.</p> <p>Begin to understand and talk about the importance of school/learning and can link this to sharing information related to jobs they would like to do when older and why.</p> <p>Describe and demonstrate knowledge of keeping themselves safe and knowing who to ask for help in a range of different circumstances.</p> <p>Understand (Focus on importance of education). What do you need to do/have to achieve that career?</p> <p>Know and discuss famous artists, designers, architects and musicians they have studied.</p>	<p>The children can... Know the different ways they can move their body.</p> <p>Know and describe their route to school.</p> <p>Know different methods of transportation and discuss those they have experienced.</p> <p>Know different modes of transport.</p> <p>Know and explain which modes of transport are best for which journeys.</p> <p>Can relate their knowledge of floating and sinking to the different modes of transport.</p> <p>Understand and make links between modes of transport and holidays they have had. Talking about where they have been and why they might require a certain mode of transport to get there. (Could you walk abroad? What are the options?)</p> <p>Know and talk about different maps.</p> <p>Know and talk about different emergency vehicles and why they might be designed in a particular way or have particular features.</p>	<p>The children can... Understand, learn and describe how food grows.</p> <p>Know and talk about foods which grow in the UK.</p> <p>Understand and demonstrate how to care for living things and compare the needs of a plant to their own.</p> <p>Know and discuss likes/dislikes of cooked own grown produce.</p> <p>Understand and talk about personal preferences in relation to home grown and tinned foods.</p> <p>Know and discuss famous artists, designers, architects and musicians they have studied.</p>	<p>The children can... Explore different materials and demonstrate they understand which one's float and which ones sink.</p> <p>To understand and explain the origin of treasure maps.</p> <p>To understand, recognise and follow a simple treasure map.</p> <p>Understand and talk about the different environmental damage issues experienced at the beach and in the Ocean. (Water and plastic pollution)</p> <p>Demonstrate day to day an understanding of caring for our environment/world.</p> <p>Understand, compare and describe sea creatures to those living on land. Describe the differences. (How do they look, breathe and what do they eat)</p> <p>Know and talk about the types of food they eat and explain whether it comes from the sea or from the land.</p> <p>Know and discuss famous artists, designers, architects and musicians they have studied.</p>

Reception Overview and Progression

<p>Understand and demonstrate factors that make up a healthy lifestyle.</p> <p>Know and describe how their body changes overtime.</p> <p>Understand and demonstrate an awareness and acceptance of the way we look. Know and talk about similarities and differences between themselves and others within the class or community.</p> <p>Individuals know and talk about their countries of origin (create a pin map).</p> <p>Know and discuss famous artists, designers, architects and musicians they have studied.</p>	<p>Know and discuss details about people from the past. (Bon fire night)</p> <p>Understand and demonstrate how we keep ourselves safe.</p> <p>Know and discuss famous artists, designers, architects and musicians they have studied.</p>			<p>Understand and demonstrate their knowledge of how to keep themselves safe – particularly related to road safety.</p> <p>Know, recognise and observe difference between our country and other countries in terms of food, travel, houses.</p> <p>Know and discuss famous artists, designers, architects and musicians they have studied.</p>
